

Webbing QC Checklist

A buyer-supplier quality review template for webbing, elastic bands, cords, tapes and related textile trims.

Define measurable requirements before inspection. Enter the approved sample, test method, tolerance and sampling plan that apply to the specific order.

1. Order and inspection reference

Buyer / company	
Supplier	
PO / order number	
Product / style	
Colour / design	
Lot / batch	
Inspection stage	
Inspection date	
Inspector	
Approved sample / standard	

2. Pre-production controls

Check item	Requirement / reference	Method / sample	Result	Notes
Specification and artwork version			☐ Pass ☐ Fail	
Approved sample available			☐ Pass ☐ Fail	
Material / yarn direction			☐ Pass ☐ Fail	
Colour standard / light source			☐ Pass ☐ Fail	
Width, thickness or diameter			☐ Pass ☐ Fail	
Pattern repeat / logo placement			☐ Pass ☐ Fail	
Cutting, assembly and packing brief			☐ Pass ☐ Fail	

Webbing QC Checklist - Product Inspection

Record the order-specific tolerance and result. Add photographs or test records where required.

3. Dimensional and visual inspection

Check item	Requirement / tolerance	Method / sample	Result	Notes / evidence
Width			☐ Pass ☐ Fail	
Thickness / diameter			☐ Pass ☐ Fail	
Length / roll length / piece length			☐ Pass ☐ Fail	
Weight, density or construction			☐ Pass ☐ Fail	
Colour against approved standard			☐ Pass ☐ Fail	
Pattern, logo and repeat			☐ Pass ☐ Fail	
Surface, edges and hand feel			☐ Pass ☐ Fail	
Stains, oil, damage or contamination			☐ Pass ☐ Fail	
Splices, joins or defects per roll			☐ Pass ☐ Fail	
Cut ends / sealing / fraying			☐ Pass ☐ Fail	

4. Functional / compliance checks

Requirement	Agreed test method and target	Report / result	Status
Buyer-defined physical performance			☐ Pass ☐ Fail ☐ N/A
Colour fastness / care requirement			☐ Pass ☐ Fail ☐ N/A
Chemical / market compliance			☐ Pass ☐ Fail ☐ N/A

Webbing QC Checklist - Packing and Release

Complete final packing, quantity and disposition checks before release.

5. Quantity and packing

Check item	Requirement / reference	Method / sample	Result	Notes
Order quantity and colour breakdown			☐ Pass ☐ Fail	
Roll / bundle / piece quantity			☐ Pass ☐ Fail	
Unit packing and protection			☐ Pass ☐ Fail	
Labels, barcode and identification			☐ Pass ☐ Fail	
Carton quantity, marks and condition			☐ Pass ☐ Fail	
Packing list and required documents			☐ Pass ☐ Fail	

Webbing QC Checklist - Disposition and Sign-off

Record defects, corrective action and the authorised release decision.

6. Defect and disposition summary

Inspection summary	Entry
Sampling plan / AQL if applicable	
Critical / major / minor defects	
Corrective action or rework	
Final disposition	☐ Approved ☐ Conditionally approved ☐ Rework ☐ Re-inspect ☐ Rejected

7. Sign-off

Role	Name	Signature / date	Comments
Inspector			
Supplier representative			
Buyer / authorised reviewer			

This checklist is a working template, not a substitute for the buyer's purchase specification, approved sample, regulatory requirements or agreed inspection standard.
