

Webbing RFQ Form

A practical request-for-quotation worksheet for webbing, elastic bands, cords, tapes and related textile trims.

Complete what you know and leave uncertain items blank. YCZD will review the application, reference files and commercial target before confirming sampling, MOQ, timing or performance.

1. Buyer and project

Company	
Contact name	
Email	
Phone / WhatsApp	
Country / region	
Project / style number	
Website / brand	
RFQ date	

2. Product specification

Field	Buyer requirement / reference	Supplier review notes
Product category	☐ Woven webbing ☐ Nylon webbing ☐ Elastic ☐ Cord ☐ Knitted tape ☐ Jacquard ☐ Other	
Material preference	Polyester / nylon / polypropylene / cotton / recycled option / open to recommendation	
Construction / weave	Plain / twill / herringbone / tubular / braided / knitted / jacquard / reference sample	
Dimensions	Width, thickness, diameter, length per piece and measurement unit	
Colour	Pantone, lab dip, physical swatch or reference image	
Pattern / branding	Artwork version, repeat length, logo placement, face / reverse requirement	
Hand feel / finish	Soft, firm, smooth, textured, coated or other target	

Webbing RFQ Form - Application and Planning

Connect the construction brief with the finished product, quantity and required timing.

3. Application and performance

Item	Buyer input
Finished product and exact use position	
Assembly method	Sewn / heat cut / ultrasonic cut / bonded / hardware attachment / other
Required performance or compliance	State the test method, target value, market or customer standard when available.
Reference sample priority	Identify which sample, image or approved standard controls appearance and performance.

4. Quantity and timing

Field	Buyer requirement	Supplier confirmation
Estimated quantity	Include unit: metres, yards, pieces, sets or pairs	
Colour / design breakdown	Quantity by colour, size, logo or style	
Sample quantity	Prototype, salesman sample, testing or pre-production requirement	
Target date	Date goods are needed at destination or ready for shipment	
Destination	City / country and preferred trade term if known	

Webbing RFQ Form - Packaging and Approval

Align packing, supplied references and approval responsibilities before quotation or production.

5. Packaging and logistics

Item	Requirement
Unit packing	Roll length, bundle quantity, polybag, label or barcode requirement
Outer packing	Carton marks, carton limits, pallet or moisture protection requirement
Inspection / documents	Required inspection record, test report, declaration or shipping document

6. Reference files supplied

File / sample	Version or date	What it controls	Status
		Artwork / colour / construction / dimensions / performance	☐ Supplied ☐ Pending
			☐ Supplied ☐ Pending
			☐ Supplied ☐ Pending

7. Approval and notes

Approval point	Responsible party / comments
Specification approved by	
Sample approved by and date	
Open questions / exceptions	

Send the completed form with artwork, photographs or sample references through the inquiry page at cloudswebbing.com. Final quotation details remain subject to specification review and approved samples.
